

Farmers & Ranchers College new sponsors

Carlson Irrigation and First National Bank are two new workshop sponsors for the Farmers & Ranchers College. The Farmers & Ranchers College provides high quality, continuing education opportunities for agricultural producers in south central Nebraska at no cost to producers because of generous sponsorship from area agri-businesses and organizations. The first Farmers & Ranchers College program will be November 28, 2007, 1-4:00 p.m. at the Bruning Opera House featuring Dr. David Kohl with 'Improving Profitability in Your Agricultural Operation'. For a complete list of the 2007-08 Farmers & Ranchers College programs, stop by the Fillmore County Extension Office or call at (402) 759-3712.
